

Capstone Project Title: Who's At Fault? (A Philippine Earthquake Hazard Map)

Proponent: Jan Pauline M. carza

Contact No.: 09167970127

Adviser: Mr. Jovito Gonzales

Proposal Defence Panellist: Sir Gonzales & Sir Dizon

*Panel comments were similar so I didn't include the names for individual comments

** Most comments were about the paper itself / rationale etc. and not the actual website yet

| Panel Comments | Page No. | Action Taken |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><i>Theoretical Framework</i><ul style="list-style-type: none">Language (Noise) should have a solutionFile Compatibility should not be an issue | Page 22 – 24 | <ul style="list-style-type: none">Language and File Compatibility have been removed |
| <ul style="list-style-type: none">Add to the <i>Limitations</i> of the study that the website will be English | Page 28 | <ul style="list-style-type: none">Language was added to the <i>Limitations</i> of the study |
| <ul style="list-style-type: none"><i>Perceived Ease of Use</i><ul style="list-style-type: none">Include a simple diagram of what the website will look like | Page 29 - 31 | <ul style="list-style-type: none">Screenshots* of the prototype user interface has been included <p>* mock-ups only show the basic layout of the webpage, the graphics and content are not yet final</p> |
| <ul style="list-style-type: none">Age range and the target audience should be in the <i>Scope</i> of the study | Page 28 | <ul style="list-style-type: none">Age range and the target audience was added <i>Scope</i> of the study |
| <ul style="list-style-type: none">Concentrate on Metro Manila | Page 27 – 28 | <ul style="list-style-type: none">It was added in the <i>Scope and Limitations</i> that even if the website will cover the entire Philippines, emphasis will be placed on Metro Manila |
| <ul style="list-style-type: none">Make the website mobile ready | Page 28 - 29 | <ul style="list-style-type: none">Steps will be taken while coding the website to make sure it is responsive |
| Others: <ul style="list-style-type: none">Software to be used will be Adobe Photoshop, Adobe Illustrator and Sublime Text 2, instead of those previously mentioned | Page 28 | |
